

“In Europe we thought of wine as something healthy and normal as food and also a great giver of happiness and well-being and delight.

Drinking wine was not a snobbism nor a sign of sophistication nor a cult; it was as natural as eating and to me as necessary.”

- **Ernest Hemingway, 'A Moveable Feast'** -

RIESLING

Usually dry despite misconceptions. Flavours of lemon & lime citrus marmalade and gentle spice with crisp acidity. A highly versatile food wine.

[OD] denotes a wine that is off dry, meaning there is a small amount of residual sugar remaining after fermentation. Fantastic on their own, these wines shine with food and are among the few that can stand up to the spicy kick of chilli.

SAUVIGNON BLANC

Light, racy and refreshing with passionfruit and exotic tropical fruit flavours often with subtle herbal hints. Team with delicate seafood / lighter flavoured dishes.

[BF] indicates the wine has undergone barrel fermentation. This is atypical of sauvignon blanc and gives the wine a richer, textural character somewhat reminiscent of a chardonnay. Muted fruit notes, smoke, struck matchstick aromas are common.

From its spiritual home in the Rhône Valley through to its plantings in the new world, this once near extinct varietal has undergone a renaissance in the last 25 years. Richly textured, dry to off dry this wine is opulent, full bodied and elegant with aromatic apricot & floral characters in its youth.

PINOT BLANC

SHIRAZ & SHIRAZ BLENDS

Australia and more specifically South Australia has adopted Shiraz as our own. South Australia is the largest wine producing state in Australia where the majority of grape growing regions lie in warm areas and ideally suited to producing full bodied Shiraz. If big, rich and 'ballsy' is your preference, look no further than regions such as the Barossa Valley, McLaren Vale, or the Heathcote for significant richness, intensity and power to which there is no better partner than red meat.
